Entropy distribution · 46 tasks / 582,524 executed action positions

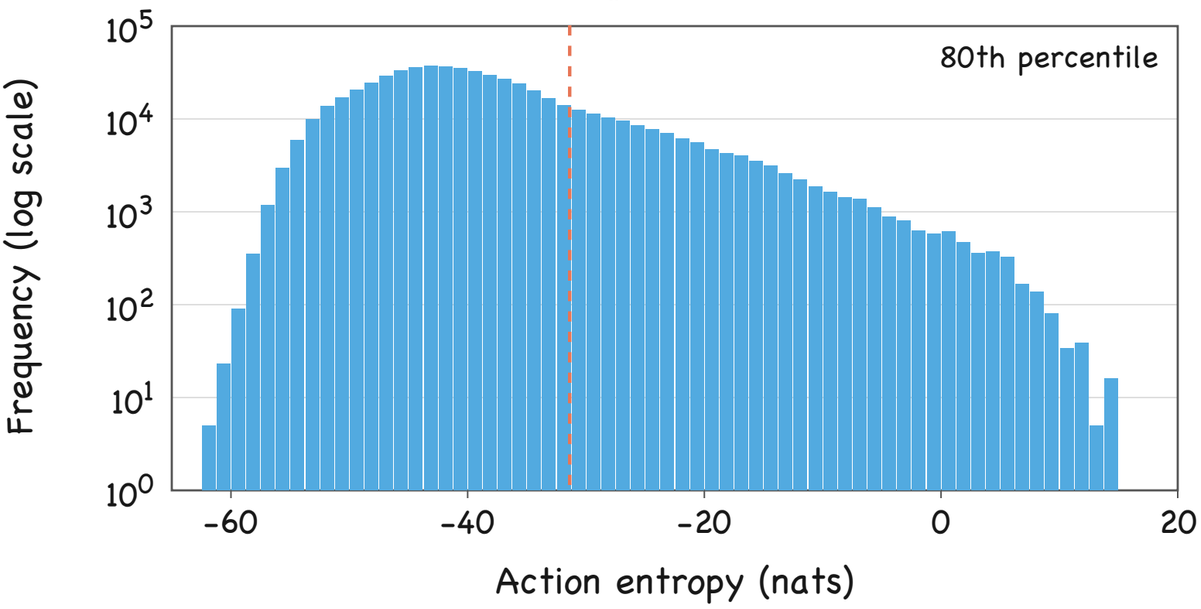

A1 Full range · bin width 2.5

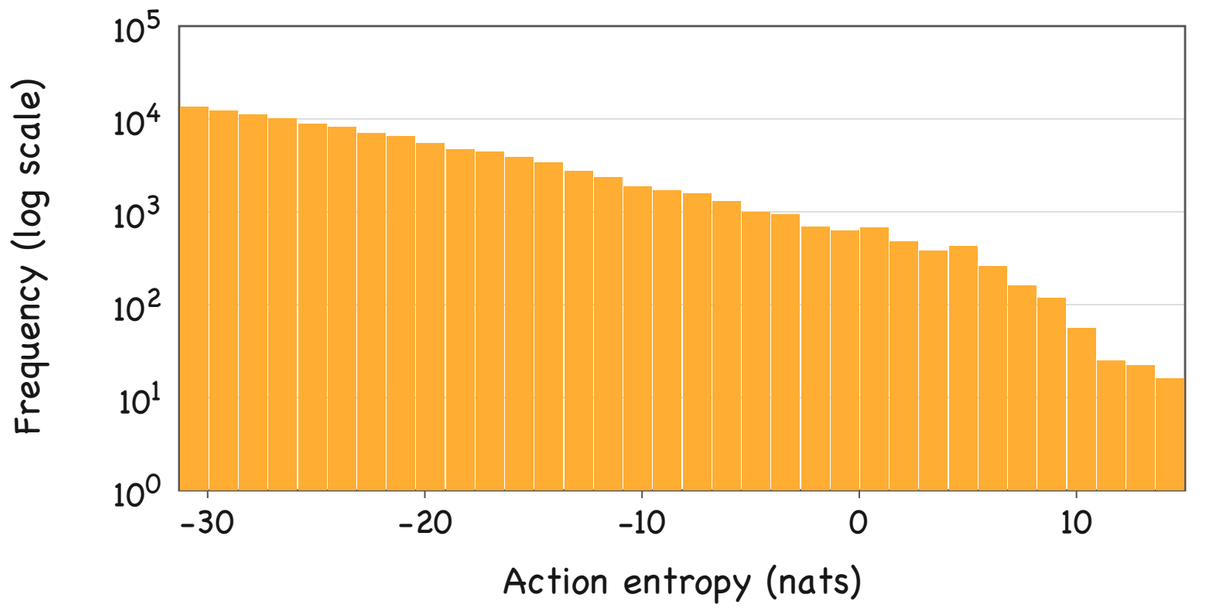

A2 Full range · linear frequency

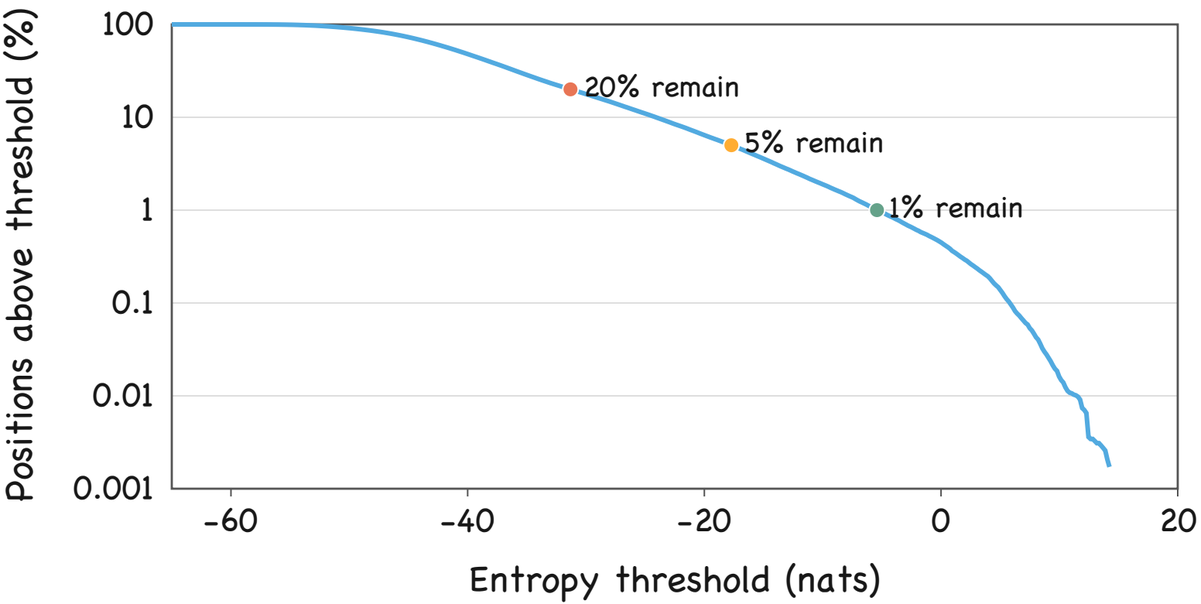

A3 Full range · bin width 1.25

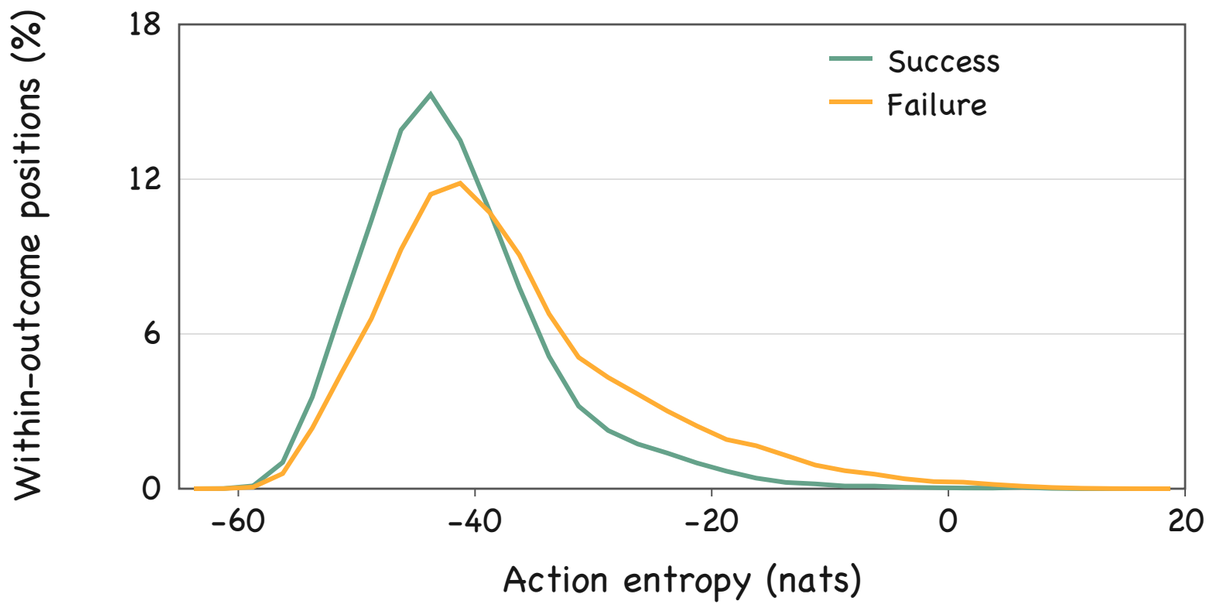

A4 Highest-entropy 20% · enlarged

A5 Upper-tail probability

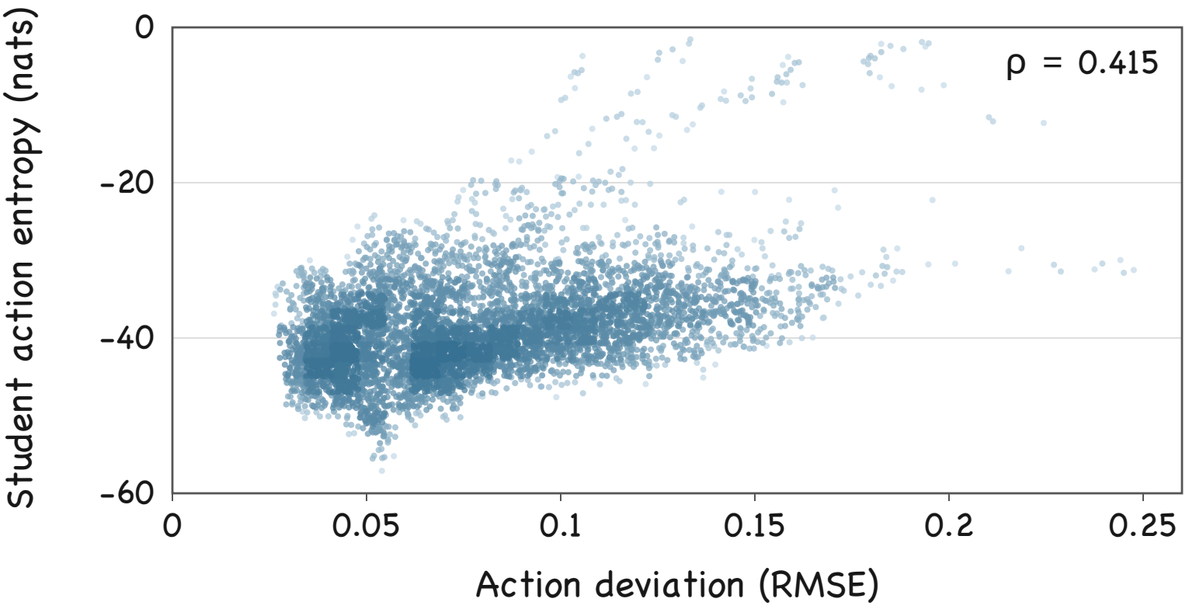

A6 Success / failure

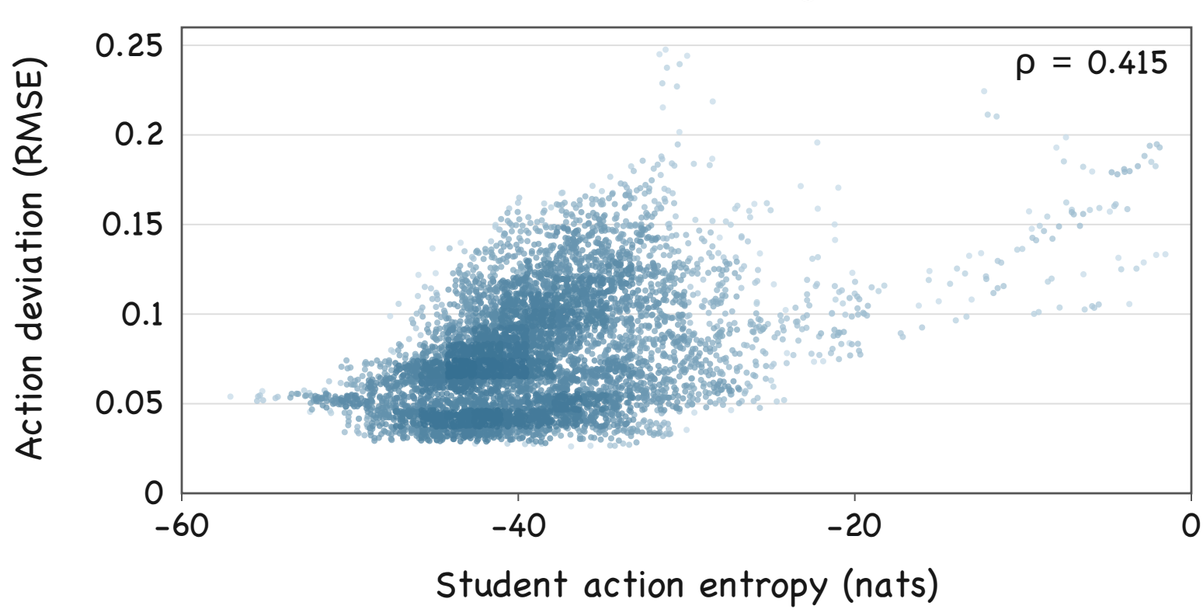

Teacher action deviation · 32 trajectories / 5,725 executed action positions

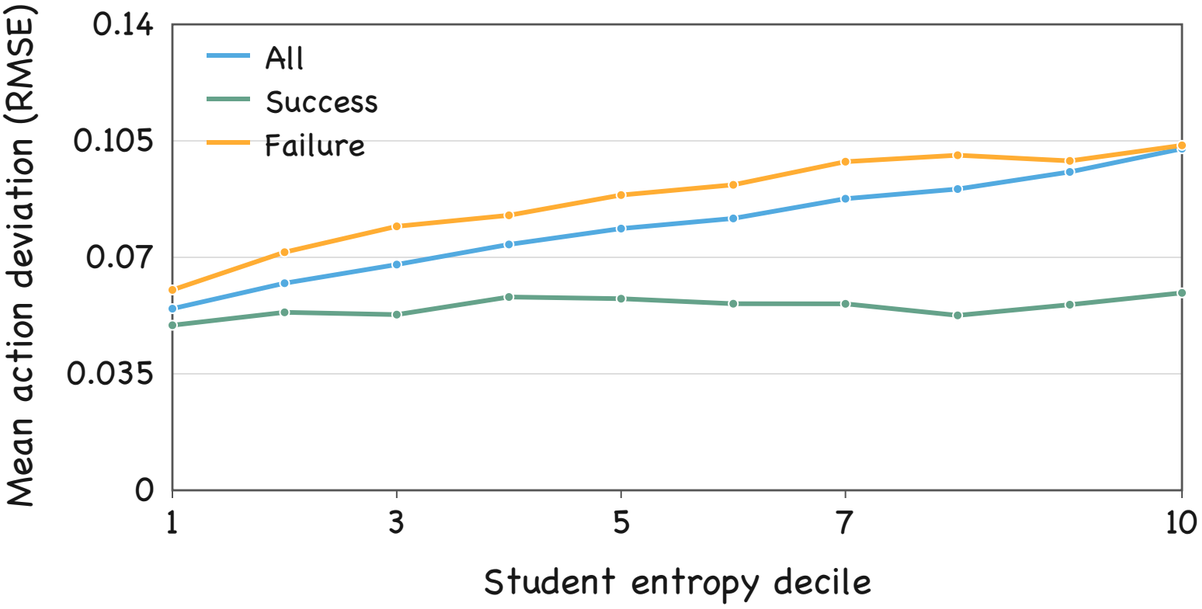

B1 Density · UA-OPD orientation

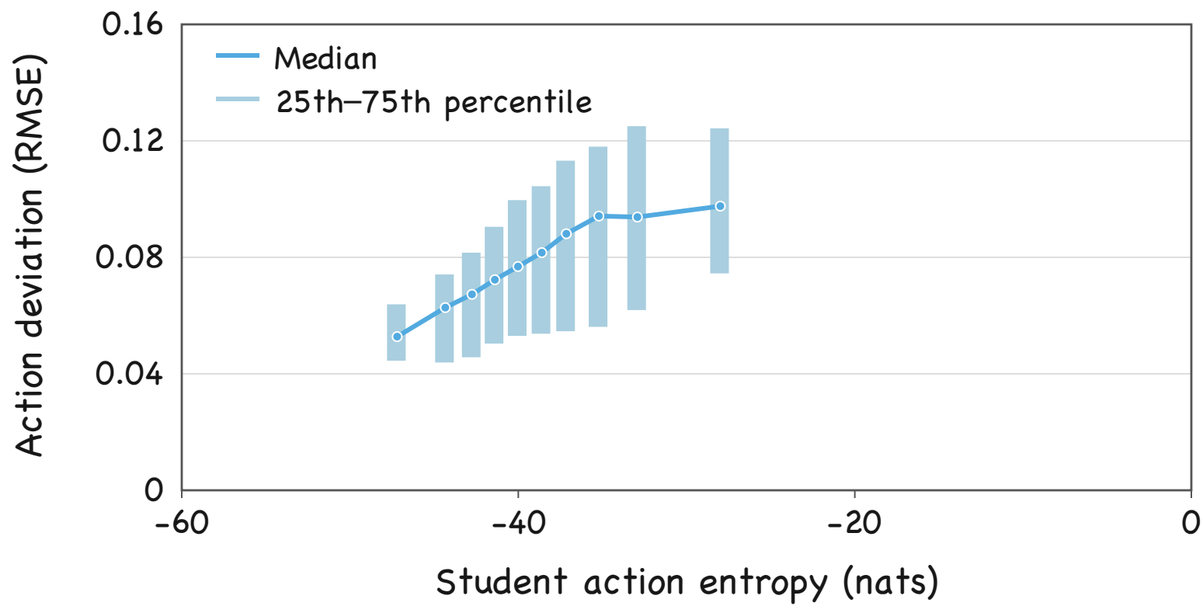

B2 Density · exchanged axes

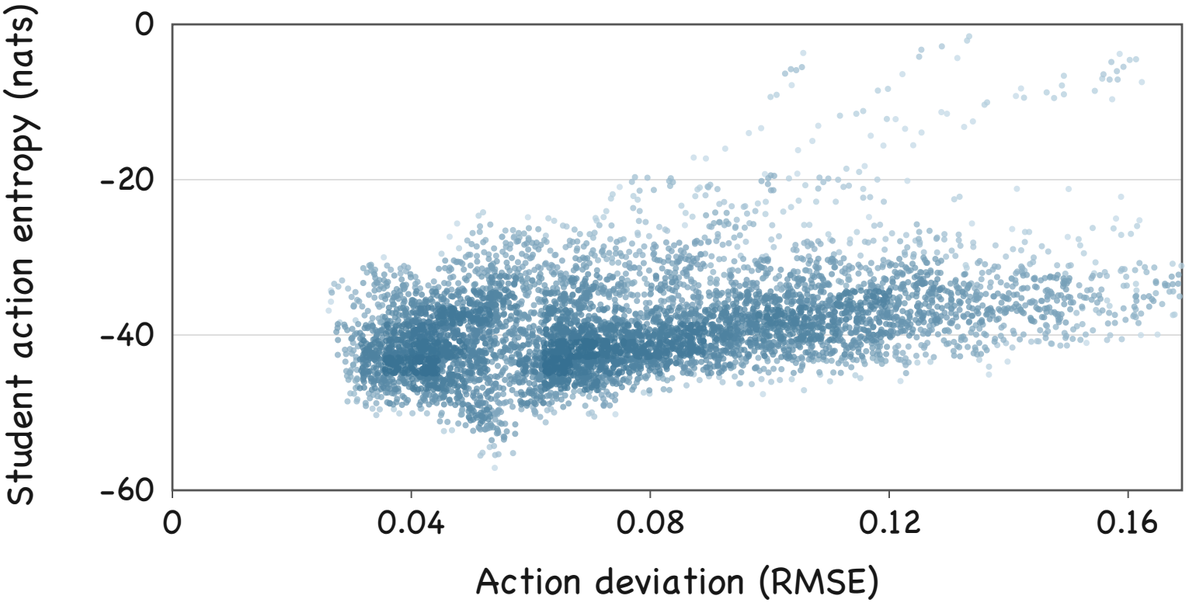

B3 Entropy groups · outcomes

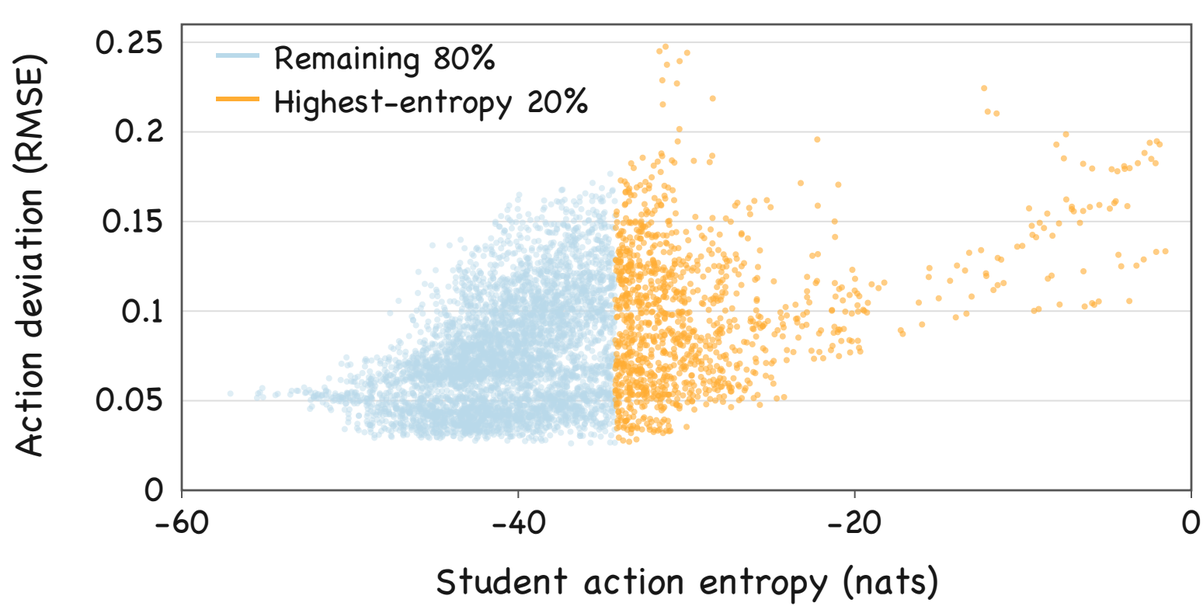

B4 Median and interquartile range

B5 Enlarged · 99% of deviations

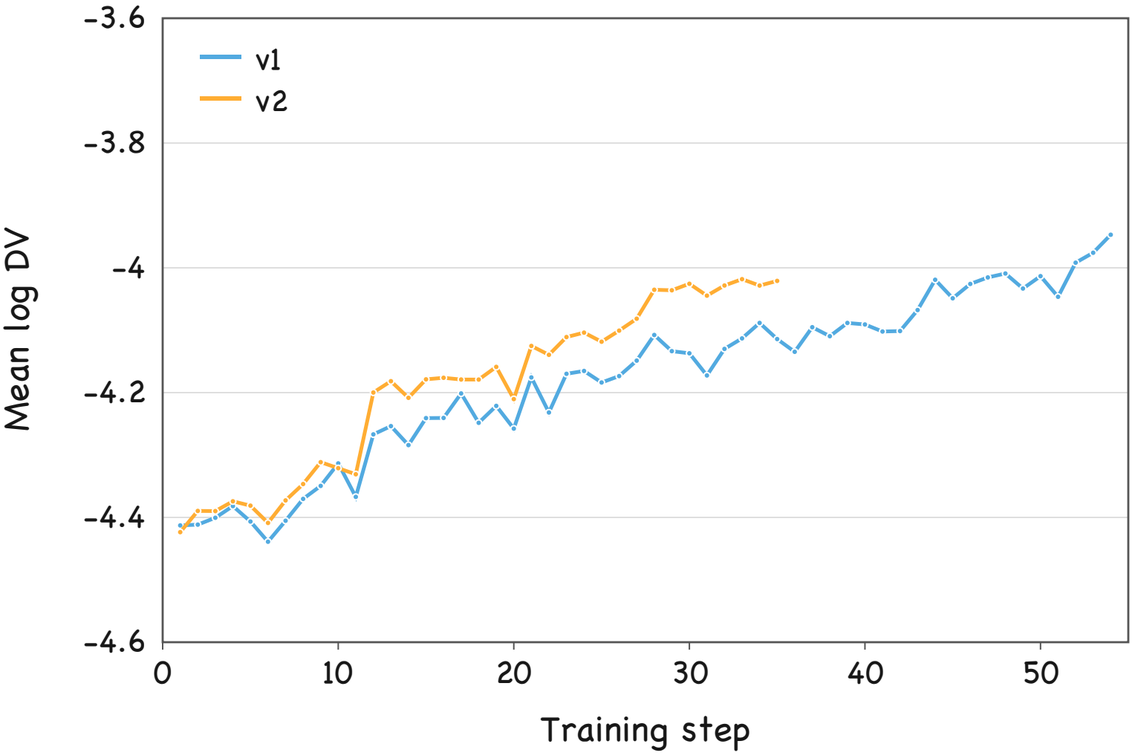

B6 Highest-entropy 20% highlighted

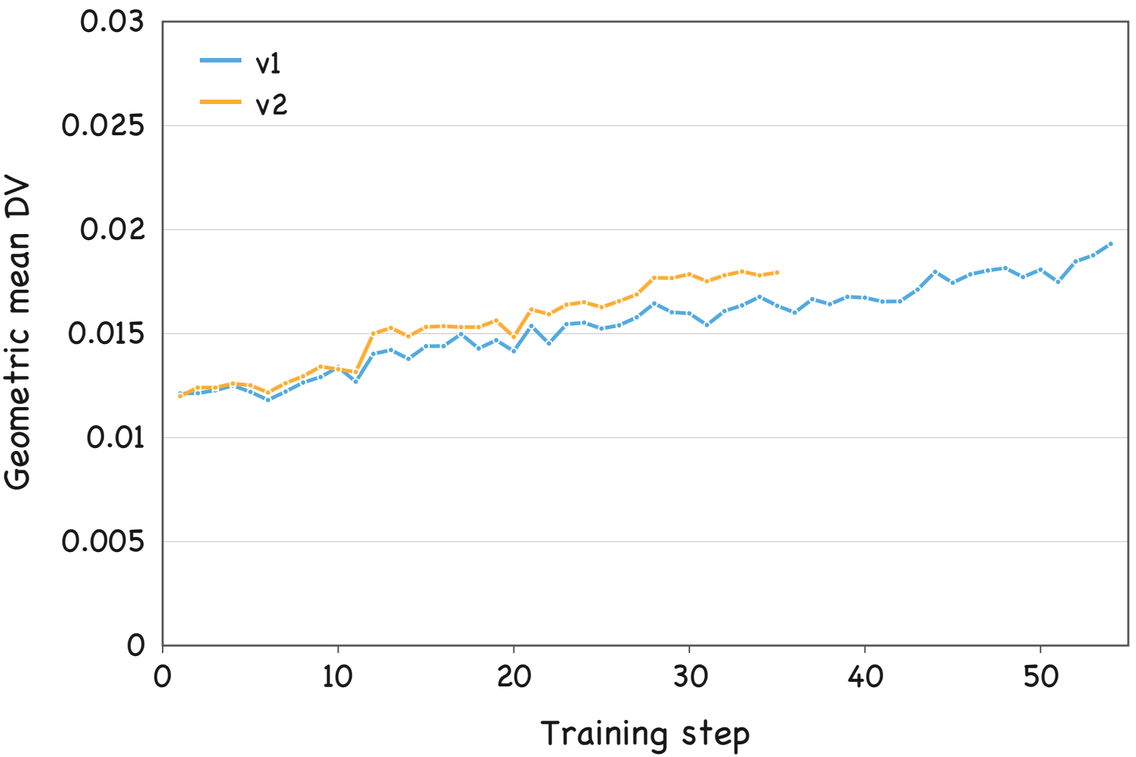

DV training scales and task-level entropy

C1 DV training · original log scale

C2 DV training · geometric mean

C3 Per-task entropy
